# BNB Athlete Protection Policy

## Purpose

1. This *Athlete Protection Policy* describes how Persons in Authority shall maintain a safe sport environment for all Athletes.

## Interactions between Persons in Authority and Athletes – the ‘Rule of Two’

2. Baton New Brunswick and its Members strongly recommend the ‘Rule of Two’ for all Persons in Authority who interact with Athletes. The Coaching Association of Canada describes the intention of the ‘Rule of Two’ as follows:

A coach must never be alone or out of sight with a minor\* athlete. Two NCCP trained or certified coaches should always be present with an athlete, especially a minor athlete, when in a potentially vulnerable situation such as in a locker room or meeting room. All one-on-one interactions between a coach and an athlete must take place within earshot and in view of a second coach except for medical emergencies. One of the coaches must also be of the same gender as the athlete. Should there be a circumstance where a second screened and NCCP trained or certified coach is not available, a screened volunteer, parent, or adult can be recruited.

3. Baton New Brunswick recognizes that fully implementing the ‘Rule of Two’, as described above (and modified accordingly for Persons in Authority), in all circumstances, may not always be possible. Consequently, at a minimum, interactions between Persons in Authority and Athletes must respect the following:
  - a) The training environment should be open and transparent so that all interactions between Persons in Authority and Athletes are observable.
  - b) Private or one-on-one situations must be avoided unless they are open and observable by another adult or Athlete.
  - c) Persons in Authority shall not invite or have a Vulnerable Individual (or Vulnerable Individuals) in their home without the written permission and knowledge of the Vulnerable Individual's parent or guardian.
  - d) Vulnerable Individuals must not be in any situation where they are alone with a Person in Authority without another screened adult or Athlete present unless prior written permission is obtained from the Athlete’s parent or guardian.

## Practices and Competitions

4. As it relates to practices and/or competitions, the following shall be respected:
  - a) A Person in Authority should never be alone with a Vulnerable Individual prior to or following a competition or practice unless the Person in Authority is the Athlete’s parent or guardian.

- b) If the Vulnerable Individual is the first Athlete to arrive, the Athlete's parent should remain until another Athlete or Person in Authority arrives.
- c) If a Vulnerable Individual would potentially be alone with a Person in Authority following a competition or practice, the Person in Authority should ask another Person in Authority (or a parent or guardian of another Athlete) to stay until all the Athletes have been picked up. If an adult is unavailable, another Athlete, who is preferably not a Vulnerable Individual, should be present to avoid the Person in Authority being alone with a Vulnerable Individual.
- d) Persons in Authority giving instructions, demonstrating skills, or facilitating drills or lessons to an individual Athlete should always do so within earshot and eyesight of another Person in Authority.
- e) When observing the Rule of Two is not possible due to training or competition circumstances, Persons in Authority and Athletes should take additional steps to achieve transparency and accountability in their interactions. For example, a Person in Authority and an Athlete who know they will be away from other Individuals for a lengthy period must inform another Person in Authority where they are going and when they are expected to return. Persons in Authority should always be reachable by phone or text message.

## **Communications**

- 5. Communications between Persons in Authority and Athletes should respect the following:
  - a) Group messages, group emails or team pages are to be used as the regular method of communication between Persons in Authority and Athletes.
  - b) Persons in Authority may only send texts, direct messages on social media or emails to individual Athletes when necessary and only for communicating information related to team issues and activities (e.g., non-personal information). Any such texts, messages or emails shall be professional in tone.
  - c) Electronic communication between Persons in Authority and Athletes that is personal in nature should be avoided. If such communication occurs, it must be recorded and available for review by another Person in Authority and/or by the Athlete's parent/guardian.
  - d) Parents and guardians may request that their child not be contacted by a Person in Authority using any form of electronic communication and/or to request that certain information about their child may not be distributed in any form of electronic communications.
  - e) All communication between a Person in Authority and Athletes must be between the hours of 6:00 a.m. and midnight unless extenuating circumstances justify otherwise.
  - f) Communications concerning drugs or alcohol use (unless regarding its prohibition) is not permitted.
  - g) No sexually explicit language or imagery or sexually-oriented conversation may be communicated in any medium.
  - h) Persons in Authority are not permitted to ask Athletes to keep a secret for them.

## **Travel**

6. Any travel involving Persons in Authority and Athletes shall respect the following:
  - a) Teams or groups of Athletes shall always have at least two Persons in Authority with them.
  - b) For mixed-gender teams or groups of Athletes, there should be one Person in Authority from each gender.
  - c) Screened parents or other volunteers will be available in situations when two Persons in Authority cannot be present.
  - d) No Person in Authority may drive a vehicle alone with an Athlete unless the Person in Authority is the Athlete's parent or guardian.
  - e) A Person in Authority may not share a room or be alone in a hotel room with an Athlete unless the Person in Authority is the Athlete's parent or guardian.
  - f) Room or bed checks during overnight stays must be done by two Persons in Authority.
  - g) For overnight travel when Athletes must share a hotel room, roommates will be age-appropriate (e.g., within two years of age of one another) and of the same gender identity.

## **Locker Room/Changing Areas**

7. The following shall apply to locker rooms, changing areas, and meeting rooms:
  - a) Interactions (i.e., conversations) between Persons in Authority and Athletes should not occur in any room where there is a reasonable expectation of privacy such as a locker room, restroom or changing area. A second adult should be present for any necessary interaction between an adult and an Athlete in any such room (i.e. the Rule of Two must be respected).
  - b) If Persons in Authority are not present in the locker room or changing area, or if they are not permitted to be present, they should still be available outside the locker room or changing area and be able to enter the room or area if required, for reasons including, but not limited to, team communications and/or emergencies.

## **Photography/Video**

8. Any photograph or video involving an Athlete shall respect the following:
  - a) Photographs and video may only be taken in public view, must observe generally accepted standards of decency, and be both appropriate for and in the best interest of the Athlete.
  - b) The use of recording devices of any kind in rooms where there is a reasonable expectation of privacy is strictly prohibited.
  - c) Examples of photos that shall be edited or deleted include:
    - i. Images with nudity or where undergarments are showing
    - ii. Suggestive or provocative poses
    - iii. Embarrassing images

- d) If any photographs or videos will be used on any form of public media, an Image Consent Form must be completed before any images are taken and used. Which is attached to all registration forms provided by BNB.

## Physical Contact

9. It is recognized that some physical contact between Persons in Authority and Athletes may be necessary for various reasons including, but not limited to, teaching a skill, or tending to an injury. Any physical contact shall respect the following:
  - a) Unless it is otherwise impossible because of serious injury or other justifiable circumstances, a Person in Authority must always clarify with an Athlete where and why any physical contact will occur prior to the contact occurring. The Person in Authority must make clear that he or she is requesting to touch the Athlete and not requiring physical contact.
  - b) Infrequent, non-intentional physical contact during a training session is permitted
  - c) Hugs lasting longer than five seconds, cuddling, physical horseplay, and physical contact initiated by the Person in Authority are not permitted. It is recognized that some Athletes may initiate hugging or another physical contact with a Person in Authority for various reasons (e.g., such as celebrating or crying after a poor performance), but this physical contact should always be limited to circumstances where the Person in Authority believes it is in the best interest of the Athlete and when it occurs in an open and observable environment.

## Enforcement

10. Any alleged violations of this *Athlete Protection Policy* shall be addressed pursuant to the *Baton New Brunswick Code of Conduct*.

*\*A minor athlete is any persons under the age of 18.*

# BNB Screening Policy

## Criminal Record Checks

### 1. General Information

Criminal Records Checks (CRC) are to be utilized within the screen process as a tool to lower risk to Baton New Brunswick (BNB) and its members.

### 2. BNB Requirements

- a) All BNB members volunteering for positions on the Executive of the BNB Board of Directors must provide a CRC when they take office.
- b) If, in the event that a CRC is not returned “clear”; it is the responsibility of the applicant to provide details of the offense(s) listed. It is at the joint discretion of the BNB President and 1<sup>st</sup> Vice President to accept or decline in light of the details provided by both the RCMP and the applicant with respect to their position. In the case that either the BNB President or 1<sup>st</sup> Vice President CRC is not returned “clear”, another member of the Executive will be selected to review the case to replace the member under review. If it is a complex case, BNB may seek outside consultation of Police Service.
- c) When a criminal record check does not reveal a relevant offence, the President will return the original copy. The President will keep a record (name, position, date completed) of all the criminal record checks and document them as approved or in progress.
- d) Volunteers will not be “grand-fathered” in and will be required to complete a CRC for the position they currently occupy.
- e) The CRC must be renewed by all affected members at least every 2 years. Records and requests of these shall be the responsibility of the BNB President.
- f) If required, BNB will provide the letter used by non-profit organizations requesting the CRC checks. Members requiring said checks will be processed annually by BNB President or designate (pending RCMP criteria) at no charge to the volunteers. BNB will pay all costs.
- g) BNB will request only the criminal record check, the vulnerable sector search is not required.

### 3. Affiliated Club Guidelines

BNB will require that all affiliated clubs perform the same CRC for all members in the following categories, and will pay the costs for these CRC:

- Executive and board position volunteers handling money.
- Coaches 18 years of age and over. Coaches independent of supervision, who are 18 years old and up, require a vulnerable sector check.
- Other positions as deemed necessary by individual club executive committees.

# Policy on the Prevention of Harassment Bullying, Abuse and Maltreatment

## I. Recognition and Prevention of Abuse Policy

This policy sets out the principles and practices of Baton New Brunswick with regards to abusive behavior towards athletes. Each Club is responsible for adopting a similar policy and adapting it to provincial, regional or local requirements as appropriate.

### A. Policy

It is the policy of Baton New Brunswick that there shall be no abuse and neglect or any form of maltreatment, whether physical, emotional or sexual of any athlete in any of its programs. Baton New Brunswick expects every parent, volunteer and coach to take all reasonable steps to safeguard the welfare of its athletes and protect them from any form of maltreatment.

#### 1. Definitions of Abuse

Child abuse is any form of physical, emotional and/or sexual mistreatment or lack of care that causes physical injury or emotional damage to a child. A common characteristic of all forms of abuse against children and youth is an abuse of power or authority and/or breach of trust. Across Canada a person is considered a child up to the age of 16 to 19 years depending on provincial legislation.

#### 2. Emotional Abuse

Emotional abuse is a chronic attack on a child's self-esteem; it is psychologically destructive behavior by a person in a position of power, authority or trust. It can take the form of name-calling, threatening, ridiculing, berating, intimidating, isolating, hazing or ignoring the child's needs.

#### 3. Physical Abuse

Physical abuse is when a person in a position of power or trust purposefully injures or threatens to injure a child or youth. This may take the form of slapping, hitting, shaking, kicking, pulling hair or ears, throwing, shoving, grabbing, hazing or excessive exercise as a form of punishment.

#### 4. Maltreatment

1. *“Maltreatment”* – A volitional act by an Individual that results in harm or the potential for physical or psychological harm to another Individual, and includes any of the following behaviours or conduct:
  - a) Psychological Maltreatment: any pattern or single serious incident of deliberate conduct that has the potential to be harmful to the psychological well-being of an Individual. Psychological Maltreatment is determined by the objective behaviour, and not whether harm is intended or results from the behaviour. It includes:
    - i. Verbal Acts: verbally assaulting or attacking an Individual, including, but not limited to, unwarranted personal criticisms; body shaming; derogatory comments related to an Individual’s identity (e.g., race, gender identity or expression, ethnicity, Indigenous status, ability/disability); comments that are demeaning, humiliating, belittling, intimidating, insulting or threatening; the use of rumours or false statements about an Individual to diminish their reputation; using confidential sport and non-sport information inappropriately. Verbal Maltreatment may also occur in online forms.
    - ii. Non-Assaultive Physical Acts (no physical contact): physically aggressive behaviours, including, but not limited to, throwing objects at or in the presence of others without striking another; hitting, striking or punching objects in the presence of others.
    - iii. Acts that Deny Attention or Support: acts of commission that deny attention, lack of support or isolation including, but not limited to, ignoring psychological needs or socially isolating an Individual repeatedly or for an extended period of time; abandonment of an Athlete as punishment for poor performance; arbitrarily or unreasonably denying feedback, training opportunities, support or attention for extended periods of time and/or asking others to do the same.
  - b) Physical Maltreatment: any pattern or single serious incident of deliberate conduct that has the potential to be harmful to the physical well-being of an Individual. Physical Maltreatment is determined by the objective behaviour, and not whether harm is intended or results from the behaviour. It includes, without limitation:
    - i. Contact behaviours: including, but not limited to, deliberately punching, kicking, beating, biting, striking, strangling or slapping another; deliberately hitting another with an object.
    - ii. Non-contact behaviours: including, but not limited to, isolating an Individual in a confined space; forcing an Individual to assume a painful stance or position for no athletic purpose (e.g., requiring an Athlete to kneel on a hard surface); the use of exercise for the purposes of punishment; withholding, recommending against, or denying adequate hydration, nutrition, medical attention or sleep; denying access to a toilet; providing alcohol to an Individual under the legal drinking age; providing illegal drugs or non-prescribed medications to an Individual; encouraging or knowingly permitting an Athlete

to return to play prematurely following any injury or after a concussion and without the clearance of a medical professional; encouraging an Athlete to perform a skill for which they are known to not be developmentally ready.

- c) Sexual Maltreatment, including, but not limited to, any act targeting an Individual's sexuality, gender identity or expression, that is committed, threatened or attempted against that person, and includes, but is not limited to, the Criminal Code offences of sexual assault, sexual exploitation, sexual interference, invitation to sexual touching, indecent exposure, voyeurism and non-consensual distribution of sexual/intimate images. Sexual Maltreatment also includes sexual harassment and stalking, cyber harassment, and cyber stalking of a sexual nature. Examples of Sexual Maltreatment include, but are not limited to:
1. Any penetration of any part of a person's body, however slight, with any object or body part by a person upon another person, including, but not limited to:
    1. vaginal penetration by a penis, object, tongue, or finger; and
    2. anal penetration by a penis, object, tongue, or finger.
  2. Any intentional touching of a sexual nature of any part of a person's body, however slight, with any object or body part by a person upon another person, including, but not limited to:
    1. kissing;
    2. intentional touching of the breasts, buttocks, groin or genitals, whether clothed or unclothed, or intentionally touching of another with any of these body parts;
    3. any contact, no matter how slight, between the mouth of one person and the genitalia of another person;
    4. making a person touch themselves or someone else with or on any of the body parts listed in 2); and
    5. any intentional touching in a sexualized manner.
- d) Neglect: any pattern or a single serious incident of lack of reasonable care, inattention to an Individual's needs, nurturing or well-being, or omissions in care. Neglect is determined by the objective behaviour but the behaviour must be evaluated with consideration given to the Individual's needs and requirements, not whether harm is intended or results from the behaviour. Neglect, or acts of omission, include without limitation, not providing an Athlete recovery time and/or treatment for a sport injury; not being aware of and not considering an Individual's physical or intellectual disability; not considering supervision of an Athlete during travel, training or competition; not considering the welfare of the Athlete when prescribing dieting or other weight control methods; disregarding the use of prohibited substances by an Athlete; failure to ensure safety of equipment or environment; allowing an Athlete to disregard sport rules, regulations, and standards, or subjecting Individuals to the risk of Maltreatment.

- e) Grooming: includes, without limitation, deliberate conduct by an Individual to sexualize a relationship with a Minor, and which includes making inappropriate behaviour seem normal and gradually engaging in ‘boundary violations’ which have been professionally identified to Canadian standards (e.g., a degrading remark, a sexual joke, sexualized physical contact; adult participants sharing rooms with a Minor who is not an immediate family member; providing a massage or other purported therapeutic interventions with no specific training or expertise; private social media and text communications; sharing personal photographs; shared use of locker rooms; private meetings; private travel; and providing gifts).
  
- f) Interference with or manipulation of process:
  - i. An adult Individual violates the *Code of Conduct and Ethics* by directly or indirectly interfering with a process instituted pursuant to this Code or any other policy found in the *Safe Sport Policy Manual* by:
    1. falsifying, distorting, or misrepresenting information, the resolution process, or an outcome;
    2. destroying or concealing information;
    3. attempting to discourage an Individual’s proper participation in or use of the Organization’s or a Member’s processes;
    4. harassing or intimidating (verbally or physically) any person involved in the Organization’s or a Member’s processes before, during, and/or following any proceedings;
    5. publicly disclosing an Individual’s identifying information, without the Individual’s agreement;
    6. failing to comply with any temporary or provisional measure or other final sanction;
    7. distributing or otherwise publicizing materials an Individual gains access to during any investigation or hearing, except as required by law or as expressly permitted; or
    8. influencing or attempting to influence another Individual to interfere with or manipulate the process.
  
- g) Retaliation: An Individual shall not take an adverse action against any other Individual for making a good faith report of possible Maltreatment or for participating in any process found in a policy included in the *Safe Sport Policy Manual*. Retaliation includes threatening, intimidating, harassing, coercing or any other conduct that would discourage a reasonable person from engaging or participating in the Organization’s or a Member’s processes. Retaliation after the conclusion of investigation and sanction processes is also prohibited. Retaliation may be present even where there is a finding that no Maltreatment occurred. Retaliation does not include good-faith actions lawfully pursued in response to a report of possible Maltreatment.

h) Aiding and abetting:

- i. Any act taken with the purpose of facilitating, promoting, or encouraging the commission of Maltreatment by an Individual. Aiding and abetting also includes, without limitation, knowingly:
  1. allowing any person who has been suspended or is otherwise ineligible to be in any way associated with sport or to coach or instruct Individuals;
  2. providing any coaching-related advice or service to an Athlete who has been suspended or is otherwise ineligible; and
  3. allowing any Individual to violate the terms of their suspension or any other sanctions imposed.

## **II. Bullying and Harassment Policy**

This Policy sets out the principles and practices of Baton New Brunswick regarding bullying and harassment. Each club is responsible for adopting a similar policy, adapting it to provincial, regional and local requirements as appropriate.

### **A. Statement of Purpose**

Baton New Brunswick is committed to providing a sport environment that promotes equal opportunities and prohibits discriminatory practices and bullying.

Harassment is a form of discrimination that is prohibited by human rights legislation in Canada. Bullying involves a person expressing their power through the humiliation of another person. Bullying may be a form of harassment but also has some of its own defining characteristics. The sport setting is one setting in which bullying occurs. In some cases coaches and athletes use bullying tactics deliberately to motivate performance and to weaken opponents.

Baton New Brunswick supports the right of all its members, whether athletes, volunteers or employees, to participate in all Baton New Brunswick activities free from any form of harassment and bullying. Further, Baton New Brunswick emphasizes the importance of eliminating harassment and bullying in baton twirling as a key element in ensuring the safety of young athletes.

A sports environment that actively discourages harassment and bullying and builds relationships based on trust and mutual respect is an environment that discourages the abuse of children and youth, and encourages the overall development of the individual.

In order to further these objectives, Baton New Brunswick will make every reasonable effort to promote awareness of the problem of harassment and bullying among all its members, and to respond quickly and effectively to complaints or disclosures of harassment or bullying.

## **B. Policy**

It is the policy of Baton New Brunswick that harassment and bullying in all its forms will not be tolerated during the course of any Baton New Brunswick activity or program. Accordingly, all Baton New Brunswick personnel (coaches, volunteers, officials) and partners (parents, guardians) are responsible for making every reasonable effort to uphold this commitment. Specifically, this includes refraining from harassing or bullying behavior, responding promptly and informally to minor incidents of harassment or bullying and following local or national policy guidelines for reporting or responding to more serious complaints of harassment or bullying. Athletes are expected to refrain from harassing or bullying behavior and are encouraged to report incidents of harassment or bullying.

### **1. Definition of Harassment**

Harassment is defined as conduct, gestures or comments which are insulting, intimidating, humiliating, hurtful, malicious, degrading or otherwise offensive to an individual or group of individuals, and which create a hostile or intimidating environment for work or sports activities, or which negatively affect performance or work conditions. Any of the different forms of harassment must be based on the grounds prohibited in human rights legislation, such as race, ethnicity, color, religion, age, sex, marital status, family status, disability, pardoned conviction and sexual orientation. Harassment may occur between anyone over the age of 12, between peers (e.g.: athlete to athlete of the same age group, parent to official, coach to coach) or between someone in a position of power or authority and an adult in a subordinate position (e.g.: coach to athlete, sports administrator to employee).

The following is a non-exhaustive list of examples of harassment:

- Unwelcome jokes, innuendo or teasing about a person's body, looks, race, sexual orientation etc.
- Condescending, patronizing, threatening or punishing actions which undermine self-esteem
- Practical jokes which cause awkwardness or embarrassment, or may endanger a person's safety
- Degrading or inappropriate hazing rituals
- Unwanted or unnecessary physical contact including touching, patting, pinching
- Unwanted conduct, comments, gestures or invitations of a sexual nature which are likely to cause offence or humiliation, or which might on reasonable grounds be perceived as placing a condition of a sexual nature on employment or on any opportunity for training or advancement
- Sexual assault or physical assault

It is important to note that the behaviors described in items 5 to 7, when directed towards a child or youth, constitute abuse under child protection legislation.

## 2. Definition of Bullying

Bullying involves a person expressing their power through the humiliation of another person. Bullying describes behaviors that are similar to harassment, but occur between children under the age of twelve, or behaviors between youth or between adults that are not addressed under human rights laws. Bullies are typically cruel, demeaning and hostile towards the targets of their bullying. The law does not address the issue of bullying, however, bullying behavior is similar to harassment in that it is defined as hurtful interpersonal mistreatment of a person. Bullying can be broken down into four types; physical (hit or kick victims; take/damage personal property), verbal (name calling; insults; constant teasing), relational (try to cut off victims from social connection by convincing peers to exclude or reject a certain person), and reactive (engage in bullying as well as provoke bullies to attack by taunting them). The following is a non exhaustive list of tactics used by bullies to control their targets:

- Unwarranted yelling and screaming directed at the target
- continually criticizing the target's abilities
- blaming the target of the bullying for mistakes
- Making unreasonable demands related to performance
- Repeated insults or put downs of the target
- Repeated threats to remove or restrict opportunities or privileges
- Denying or discounting the targets accomplishments
- Threats of and actual physical violence

## 3. Response and Remedies

It is the position of Baton New Brunswick that harassment and bullying cannot and should not be tolerated in any environment, including baton twirling. Both harassment and bullying are unacceptable and harmful. Baton New Brunswick recognizes the serious negative impact of all types of harassment and bullying on personal dignity, individual and group development and performance, enjoyment of the sport and in some cases, personal safety.

At the same time, Baton New Brunswick recognizes that not all incidents of harassment and bullying are equally serious in their consequences. Both harassment and bullying cover a wide spectrum of behaviors, and the response to both must be equally broad in range, appropriate to the behavior in question and capable of providing a constructive remedy. There must be no summary justice or hasty punishment. The process of investigation and settlement of any complaint of harassment or bullying must be fair to all parties, allowing adequate opportunity for the presentation of a response to the allegations.

Minor incidents of harassment or bullying should be corrected promptly and informally, taking a constructive approach and with the goal of bringing about a change in negative attitudes and behavior.

More serious incidents should be dealt with according to the relevant association, club or national policy guidelines. Complaints should be handled in a timely, sensitive, responsible and confidential manner. There should be no tolerance of reprisals taken against any party to a complaint. The names of parties and the circumstances of the complaint should be kept confidential except where disclosure is necessary for the purposes of investigation or taking disciplinary measures.

Anyone making a complaint that is found to be clearly unfounded, false, malicious or frivolous may be subject to discipline.

## BNB Investigations Policy

The Baton New Brunswick Complaints and Discipline Policy is intended to facilitate the resolution of complaints in a manner that does not require engaging additional resources to uncover relevant facts and bring the issue to a close. It relies on the Complainant and Respondent to provide factual information, including witness statements and other relevant documentation, to substantiate or defend against a complaint, and permits the Discipline Chair or Discipline Panel to make a decision based on the information provided. However, the BNB recognizes that there may be circumstances under which an investigation is necessary or desirable, such as when a Party to the complaint is unable to provide adequate or necessary information or when the situation leading to a complaint is complex.

1. In accordance with the Complaints and Discipline Policy, the Case Manager has the responsibility and discretion to determine whether an investigation into a complaint is necessary; the BNB may also initiate an investigation when made aware of concerns but when no formal complaint has been filed.
2. Upon determining that an investigation is necessary or desirable, the Case Manager or the BNB shall appoint an Investigator to review the complaint or as otherwise directed.
3. The Investigator may be a representative of the BNB or an independent third-party skilled in investigating; the Investigator should not have a conflict-of-interest and should have no connection to either Party involved in the complaint.
4. The Case Manager and the BNB will adhere to all disclosure and reporting responsibilities required by any government entity, local police force, or child protection agency.
5. If the complaint is related to workplace harassment, federal and/or provincial legislation may apply; the Investigator should review workplace safety legislation and/or consult independent experts to determine if this is the case.
6. The investigation may take any form as decided by the Investigator, guided by any applicable legislation and in consultation with the Case Manager and the BNB, where applicable; it may include:
  - a) Interview of the Complainant;
  - b) Interview of witnesses;
  - c) Developing a statement of facts (Complainant's perspective), prepared by the Investigator, acknowledged by the Complainant, and provided to the Respondent;
  - d) Interview of the Respondent;
  - e) Interview of additional witnesses; and
  - f) Developing a statement of facts (Respondent's perspective), prepared by the Investigator, acknowledged by the Respondent, and provided to the Complainant.

7. Should the Investigator find that there are possible instances of offences under the Criminal Code, particularly related to criminal harassment (stalking), uttering threats, assault, sexual interference, or sexual exploitation, they shall advise the Complainant and the BNB to refer the matter to police.
8. Upon completion of their investigation, the Investigator shall prepare a report that will include a summary of evidence provided by the Parties and any witnesses (including both statements of facts), and a recommendation of whether, on a balance of probabilities, an incident occurred that could be considered misconduct or a breach of a governing document; the report shall be provided to the Case Manager and the BNB, as applicable.
9. The Case Manager shall determine next steps, according to the Complaints and Discipline Policy, and shall provide the report to the Discipline Chair or Discipline Panel as required; the Discipline Chair or Discipline Panel shall consider the report, in addition to submissions from the Parties, before rendering a decision.
10. The Investigator will make every effort to preserve the confidentiality of the Complainant, Respondent, and any other party, however maintaining anonymity may be difficult and disclosure of information may be necessary for the purpose of investigation, taking corrective action, or as otherwise required by BNB policy.

This decision may not be appealed.
14. If there are sufficient grounds for an appeal, the Case Manager will appoint an Appeal Panel (the "Panel") which shall consist of a single Adjudicator, to hear the appeal. In extraordinary circumstances, and at the discretion of the Case Manager, a Panel of three persons may be appointed to hear the appeal. In this event, the Case Manager will appoint three Panel members and designate one of the appointees to serve as the Chair.

- h) The decision to uphold or reject the appeal will be by a majority vote of the Panel

18. The hearing will proceed in any event, even if a Party chooses not to participate in the hearing.

  - 1. Propose the use of BNB's Alternate Dispute Resolution Policy
  - 2. Determine if the appeal falls under the scope of the Appeal Policy
  - 3. Determine if the appeal was submitted in a timely manner
  - 4. Decide whether there are sufficient grounds for the appeal
  - 5. Appoint the Panel, if necessary
  - 6. Coordinate all administrative aspects and set timelines
  - 7. Provide administrative assistance and logistical support to the Panel as required
  - 8. Provide any other service or support that may be necessary to ensure a fair and timely proceeding
  
- 6. When determining if there are sufficient grounds for appeal, the Case Manager is not acting as the Panel and determining the merits of the appeal, but instead determining whether the Appellant has properly shown that an error, as described in the Appeal Policy, has been properly argued. The Case Manager will need to carefully consult BNB's policies and procedures, and analyze the process that contributed to the decision, to determine whether there are appropriate grounds.

### **Discretion – Alternate Dispute Resolution**

- 7. When the parties agree to the jurisdiction of the Alternate Dispute Resolution Policy, the Case Manager maybe required to:
  - a) Appoint the mediator or facilitator
  - b) Coordinate all administrative aspects and set timelines
  - c) Provide administrative assistance and logistical support to the mediator or facilitator as required

### **Hearing Format - Discretion**

- 8. If necessary, the Case Manager is required to exercise their discretion to determine the format of the hearing. Hearings typically take the following forms:
  - a) In person
  - b) Conference call
  - c) Written submissions
  - d) Conference call + written submissions

9. In determining the format of the hearing the Case Manager should consider:
  - a) The distance between the parties
  - b) The animosity between the parties
  - c) The time commitment and location of the Panel
  - d) The timelines for a decision
  - e) The language barriers between the parties
  - f) The gravity of the complaint/appeal

### **Panel Appointment**

10. The Case Manager is required to appoint a Panel of one person, or three in extraordinary circumstances, to decide the issue. The individual(s) should have the following characteristics:
  - a) Experience in dispute resolution
  - b) Experience with sport disputes
  - c) No connection to either party
  - d) Preferably no connection with the Parties
  - e) Decisive
11. The Case Manager should remind the Panel to adhere to the powers given to the Panel by the applicable policy. For example, if the policy does not permit the Panel to suspend the respondent indefinitely, then the Panel cannot sanction the respondent in this manner.

### **Communication**

12. Especially when the hearing is to be held by written submissions, the Case Manager is required to communicate swiftly, clearly, and decisively with each party. The parties must adhere to the deadlines set by the Case Manager or by the applicable policy and the process must move forward even if a party misses a deadline.
13. When coordinating an oral hearing, the Case Manager should first consider the schedule of the Panel, then the schedule of the complainant, and then the schedule of the respondent in an attempt to find a suitable time for everyone.

### **Suggested Procedure**

14. The Case Manager may implement the following procedure to facilitate the Discipline and Complaints Policy or the Appeal Policy:
  - a) Receive the written complaint or appeal

- b) Communicate with the Complainant/Appellant that you have been appointed the Case Manager and that their complaint/appeal will be disclosed to the Respondent and Panel. Also determine if there is additional evidence or written submissions to follow, if so, provide a deadline for receipt. (After this step, the Complainant/Appellant may not have another opportunity to make additional submissions or provide evidence, unless determined otherwise by the Panel)
- c) Determine whether the complaint is within the jurisdiction of the applicable Policy.
- d) Notify the Respondent that you are the Case Manager and are in receipt of a complaint/appeal. Communicate to the Respondent that any submissions will be provided to the Complainant/Appellant and Panel. Provide the Respondent with a reasonable timeframe to submit their response document and any applicable evidence. (After this step, the Respondent may not have another opportunity to make additional submissions or provide evidence, unless determined otherwise by the Panel).
- e) The Case Manager may wish to provide the Complainant/Appellant to submit a rebuttal, but the rebuttal must be limited to issues raised by the Respondent and is not an opportunity to provide new evidence. The Panel may exclude such new evidence.
- f) Appoint the Panel
- g) Conduct a hearing either via written documentation, teleconference, in – person, or a combination of these techniques.
- h) Ensure the Panel renders a written decision within a prescribed timeline.

## **BNB Risk Management Policy**

BNB has adopted and will adhere to CBTF's Risk Management Policy as outlined below.

## **CBTF Risk Management Policy**

### **Accidents & Injuries**

- The Competition Director or designate and/or the Head Judge shall have the authority to immediately stop the competition whenever a risk factor related to safety becomes evident.
- If this situation occurs during individual competition, the competition on the lane where the situation occurs shall be stopped on that lane only by the competition director and/or the judge judging that event.
- If an athlete must leave the competition to seek outside medical assistance because of a situation that has occurred during a competition, the athlete shall require a Medical Certificate stating that he/she may continue competing at that competition.
- If the situation involves a medical injury or illness (that does not require outside medical assistance), the Competition Director, in consultation with authorized medical personnel, shall determine whether the athlete(s) may be allowed to continue competing.
- All visible injuries must be declared prior to the competition day. For example, if you will be wearing a medical support brace, tensor bandage, tape, etc. you must have a medical note stating it is safe for you to compete the day of the competition and that the brace, bandage, tape etc is required for competition. This rule will apply to any visible injury an athlete has.
- Refunds will be given if a medical certificate is provided within 2 weeks of the event. Either for injury prior to the day of competition, but after registration was sent, or because of an injury that occurred during competition.

The above items must be included in competition brochures or otherwise be made known to all competition participants.

- If a risk factor related to safety becomes evident during a CBTF sanctioned event other than a competition, the Event Coordinator or person in charge will have the authority to stop the event until the safety issue is resolved.

## **Flooring Requirements**

- All facilities where CBTF sanctioned competitions are held must have hardwood flooring for the main competition floor. The practice gym/area should also have hardwood flooring, if at all possible.
- Flooring must be safe and properly maintained with no obstacles, broken parts or any other risk factor that would affect the safety of the competition participants.
- Flooring for other CBTF sanctioned events (clinics, workshops, etc) must be suitable and safe for participants.
- No tarp flooring is permitted.
- Flooring should not be slippery or sticky.

## **Lane Boundary Guidelines for CBTF Events**

- 15 feet wide: Compulsory Moves, Pre-Events, Solo, 2-Baton, 3-Baton, Duet
  - 30 feet wide: Medley, Solo Dance Twirl
  - 50 feet x 84 feet: CBTF Group Events
  - Minimum 40 feet wide: Short Program (during team trial events)
  - 50 feet x 80 feet: WBTF Pairs and Teams
  - 50 feet x 60 feet: WBTF Freestyle
- (WBTF Rules state that these boundaries will not be strictly interpreted as boundaries per se but the size of the floor that is available to the freestyle athletes. Should an athlete step on or across the lines, the judges shall determine whether or not this is cause for lowering the score based on the athlete's floor pattern and use of the space.)

## **Warm-Ups at Canadian Championships**

- For Individual and Duet events held at Canadians, a pre-determined number of sets may warm up on the main competition floor as determined by the Competition Director and CBTF Technical Chair.
- Competition Directors at Open and Provincial competitions may employ whatever method best suits their situation (based on number of athletes, practice area availability and time restrictions) with regard for risk management.

## **Mishaps**

- Should a mishap occur at a competition, the judge(s) who were affected by the mishap will direct the athlete/group to stop competing and, in consultation with the Head Judge and the Competition Director, assess the severity of the incident to determine whether the athlete/group will re-compete or not. If so, the athlete/group will start at the beginning of the routine and judging will re-commence at the point where the mishap occurred.
- Examples of Mishaps: costume failure, power failure, music failure
- Clarification: The CBTF Risk Management Policy will apply to more serious situations (eg: accidents, injuries).

## **Practice Gym/Area Guidelines**

- Individual/Duet Events at Canadians - each athlete/duet will be provided a 12' x 12' area
- CBTF/WBTF Team, Dance Twirl Teams – the next three competing teams
- Corps – the next two competing corps
- Individual/Pair Events at National Team Trials – the next seven competing individuals/pairs

## **BNB Disability Policy**

BNB strives to be accessible and inclusive for all participants, as much at the recreational level than at the competitive level. All athletes are welcome and we will strive to make reasonable modifications to allow all athletes to progress and reach their potential in the sport of Baton Twirling. Below are general guidelines that BNB will follow:

### **Adaptations**

Physical activity in Canada includes everyone, regardless of any ability or circumstance. Some sports and activities may, however, require a few adaptations to make them as accessible as possible. Below you'll find recommendations and suggestions on how to accommodate individuals that may have limitations or different needs. With a positive attitude and a little ingenuity, any activity can be made enjoyable for all.

### **Sensory**

There are no limitations to participating in this activity for individuals with a sensory limitation since this is an individual activity. Provide lots of audible and visual instruction as needed.

### **Learning/Cognitive Disabilities**

Creativity is the key. Have fun and provide lots of positive reinforcement. The baton can be substituted with a hula hoop or hollow Frisbee if that better suits the participant.

### **Mobility Limitation**

Very little adaptation needs to be done to enjoy baton twirling. If a baton does not suit the participants needs, consider using a hollow Frisbee or a hula hoop and spin with your arm. Also a scarf can be used if preferred and the activity could be similar to rhythmic gymnastics.

### **Competitive Level**

At the competitive level, BNB will adhere to CBTF's policy in regards with providing a Special Needs Lane at each competition.

All competition brochures must indicate a separate division for Special Needs Athletes for all events. Special Needs Athletes will be scored with the existing CBTF scoring system and awards will be the same as for other athletes.

In order to allow judges to be more sensitive to groups with a Special Needs Athlete, the coach may choose to submit a doctor's letter with the declaration and with each competition entry form. The competition director will notify the Head Judge for consideration while judging.

## **BNB Concussion Policy**

Baton New Brunswick understands that having a concussion policy is crucial to the health and wellness of their athletes. BNB recommends this “Return to Play Protocol” before an athlete is allowed to return to both training and competition.

Health and wellness of young athletes is imperative and BNB strongly recommends that all athletes who receive any sort of injury, especially to the head, seek medical attention immediately.

This Return to Play Protocol is ONLY a recommendation. The top priority is always to seek a medical opinion.

### **What is a concussion?**

A concussion is a brain injury that is caused by a bump or blow to the head. It can change the way the brain normally works. It can occur during practices or games/competition in any sport. Even a “ding,” “getting your bell rung,” or what seems to be a mild bump or blow to the head can be potentially serious. A concussion can happen even if the athlete has not been rendered unconscious. Concussions cannot be seen. Signs and symptoms of a concussion can show up right after the injury or may not appear or be noticed until days or weeks after the injury. If an athlete reports any symptoms of concussion, they should seek medical attention immediately.

### **What are the symptoms of a concussion?**

If the athlete has experienced a bump or blow to the head during a competition or practice, look for any of the following symptoms:

- Headache or “pressure” in the head
- Nausea or vomiting
- Balance problems or dizziness
- Double or blurry vision
- Light sensitivity
- Noise sensitivity
- Feeling sluggish, hazy, foggy, or groggy
- Difficulty paying attention
- Memory problems
- Confusion
- Irritability
- Neck pain
- Feeling nervous or anxious
- Sadness
- Not “feeling right”

## **Symptoms parents/guardians may notice**

After an athlete sustains a concussion, any individual may notice that the athlete:

- Appears dazed or stunned
- Is confused about assignment or position
- Forgets an instruction
- Is unsure of game, score, or opponent
- Moves clumsily
- Answers questions slowly
- Loses consciousness (even briefly)
- Unable to recall events prior to or after being hit
- Shows behaviour or personality changes
- Appears more emotional

## **What should an athlete do if they think they have a concussion?**

Inform their coach(es) and parents/guardian immediately. Never ignore a bump or blow to the head, even if the athlete feels fine. Also, notify the coach if a teammate might have a concussion. Inform the coach about any recent concussion in ANY sport or activity. The athlete's coach may not know about a concussion the athlete received in another sport or activity, unless the coach has been updated on the athlete's condition.

Seek medical attention immediately. A doctor or healthcare professional can tell if a concussion has been sustained, its severity, and when the athlete is OK to return to play.

Allow the athlete time to heal. If the athlete has had a concussion, their brain needs time to heal. While their brain is still healing, they are much more likely to have a second concussion. Repeated concussions can cause damage to the brain. It is important to rest until receiving approval from a doctor or healthcare professional to return to play.

It is better to miss one competition than the whole season. Concussions can cause permanent brain damage, affecting the athlete for a lifetime.

## **How can an athlete prevent a concussion?**

Every sport is different, but there are steps to take to protect the athletes.

Follow the rules of the sport and the coach's rules for safety.

Have respect for the other athletes and practice good sportsmanship at all times

## Concussion Management

When an athlete has been diagnosed with a concussion, it is important that the athlete's parent/legal guardian or spouse is informed.

All athletes diagnosed with a concussion must be provided with a standardized Medical Assessment Letter that notifies the athlete and their parents/legal guardian/spouse that they have been diagnosed with a concussion and may not return to any activities until medically cleared to do so by a medical doctor or nurse practitioner.

It is the responsibility of the athlete or their parent/legal guardian to provide this documentation to the athlete's coaches and teachers. Athletes or their parent/legal guardian are responsible for injury reporting and concussion surveillance where applicable.

Athletes diagnosed with a concussion are to be managed by a medical doctor, following the removal from sport.

Once the athlete has completed their Return-to-Baton Strategies and are deemed to be clinically recovered from their concussion, the medical doctor or nurse practitioner can consider the athlete for a return to full sport activities and issue a Medical Clearance Letter.

## Return-to-Baton Strategy

The following return to sport strategy should be used to help athletes, parents, coaches, trainers, and medical professionals assist athletes in a gradual return to sport activities. After an initial rest period for 24-48 hours, the athlete may begin their return-to-sport strategy. In the case of new or worsening symptoms, athletes should return to the previous stage. Athletes must return to full time school activities BEFORE progressing to stage 5 and 6 of the return to sport strategy.

**Athletes must provide a medical clearance letter prior to resuming their normal training regime.**

**This is a guideline and return to participation training should be individually based and guided by a trained medical professional.**

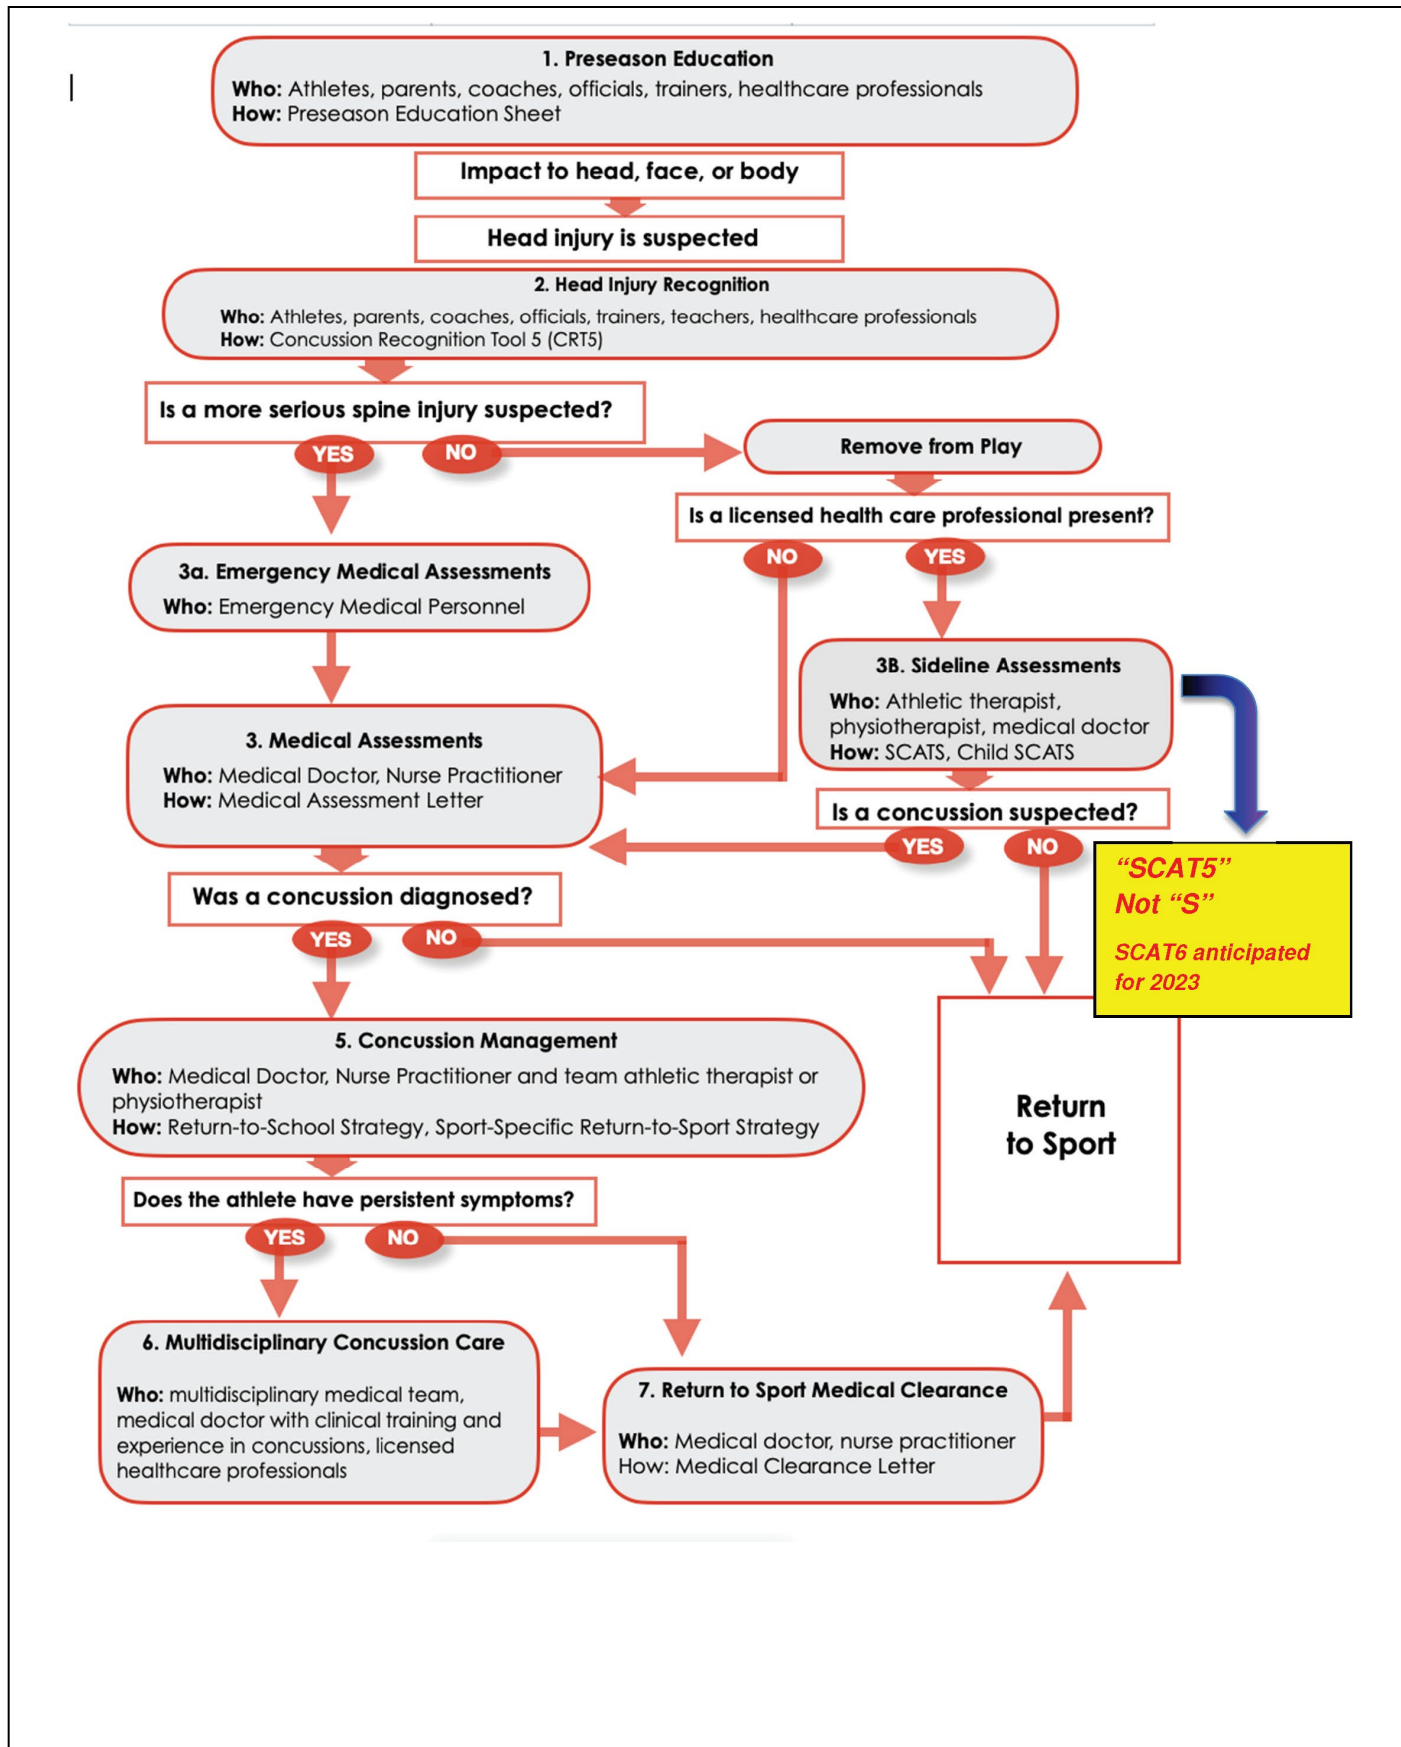

STAGE	AIM	ACTIVITY	Goal of Each Step
1	Symptom-limiting activity	Daily activities that do not provoke symptoms	Gradual re- introduction of work/school activities
2	Light aerobic activity	Walking or other light cardio at slow to medium pace, no resistance training.  -Light intensity jogging for 30-60 min at sub- symptom threshold intensity	Increase heart rate
3a	Sport-specific exercise	Gradual introduction of movement to training (turns, change of positions, mild gymnastic work ie: cartwheels/illusions). Walk through of routines with no baton (marking big tricks)  -Moderate intensity cardiovascular activity for 30-60 min at sub-symptom threshold intensity	Add movement
3b	Sport-specific exercise	Introduction of baton skills: thumb flips, low tosses (with no elements under baton), high tosses (with no elements under baton), stationary rolls (elbow rolls, long arm rolls etc.)  -Moderate intensity cardiovascular activity for 30-60 min at sub-symptom threshold intensity	Add movement
4	Non-contact training drills	Rolls, contact sections permitted Run through of routines without doing spins, gymnastics, elements under tosses.  - Progressive resistance training can begin - High intensity cardiovascular activity	Exercise, coordination and increased thinking
5	Full contact training drills	<b>Following medical clearance</b> Run through of full routines without restrictions (gradual build up to high level elements)	Restore confidence and assess functional skills by coaching staff
6	Return to Sport	Full preparedness and competition training	

Most athletes who sustain a concussion will make a full recovery within 1-4 weeks of injury and be able to return to sport in that time frame. Approximately 15-30% may experience persistent post-concussion symptoms. A referral to a medical doctor with clinical training and experience in concussion should be considered for developing an individualized treatment plan. Depending on the individual's injury, treatment may involve a variety of healthcare professionals with expertise in that address the specific needs of the athlete.

### **Return to Baton**

Athletes who have been determined to have not sustained a concussion and those that have been diagnosed with a concussion and successfully completed their return-to-sport can be considered for return to full sport activity. This decision should be made based on the clinical judgement of the medical doctor or nurse practitioner taking into account the athlete's past medical history, clinical history, physical examination, and other relevant Clinic Consultations.

**Each athlete must provide their coach with a medical clearance letter specifying that a medical doctor or nurse practitioner has personally evaluated the athlete and has been cleared before a full return to sport.**

## **BNB Social Media Policy**

BNB has adopted and will adhere to CBTF's Social Media Policy as outlined below.

### **CBTF's Social Media Policy**

#### **Purpose**

Social Media is changing the way we communicate by offering people the opportunity to take part in online communities: to access information, entertain, and share content. The CBTF recognizes that its members may take part in social media interactions and has identified the need to establish guidelines with regards to its own social media presence.

The Policy has been developed to define the rightful use of social media and to establish a culture of openness, trust and integrity in all online activities related to the CBTF and its members. The policy provides guiding principles to CBTF members about the use of social media so they feel enabled to participate, while being mindful of their responsibilities and obligations. When communicating through social media publications, members hold the responsibility of protecting athletes and preserving the reputation and positive image of the CBTF, including: the sport, the members, the coaches, the judges and the officials.

In circumstances where guidance about social media issues are not clear or have not been outlined in this policy, we suggest you consult with your Provincial representative who may further consult with the CBTF President (if necessary).

The policy is subject to ongoing review and modifications as deemed necessary, to respond to ever-changing social media circumstances and evolving needs of the CBTF.

#### **Scope**

Social media refers to any online tools or functions that allow people to communicate and/or share content via the internet, which directly or implicitly mentions or focus' attention to the CBTF.

The policy is applicable when using social media:

They have a responsibility to represent the CBTF and post on the organizations behalf using selected social media platforms.

# Baton New Brunswick Conflict of Interest Policy

## Definitions

1. The following terms have these meanings in this Policy:
  - a) *“Association”* – Baton New Brunswick
  - b) *“Conflict of Interest”* – Any situation in which an Individual’s decision-making, which should always be in the best interests of the Association, is influenced or could be influenced by personal, family, financial, business, or other private interests.
  - c) *“Individuals”* – All categories of membership defined in the Association’s Bylaws, as well as all individuals engaged in activities with the Association including, but not limited to, athletes, coaches, judges, officials, volunteers, managers, administrators, committee members, and directors and officers of the Association
  - d) *“In writing”*- A letter, fax or email sent directly to the Association.
  - e) *“Pecuniary Interest”* - An interest that an individual may have in a matter because of the reasonable likelihood or expectation of financial gain or loss for that individual, or another person with whom that individual is associated.
  - f) *“Non-Pecuniary Interest”* - An interest that an individual may have in a matter which may involve family relationships, friendships, volunteer positions or other interests that do not involve the potential for financial gain or loss.

## Background

2. Individuals who act on behalf of an organization have a duty first to that organization and second to any personal stake they have in the operations of the Association. For example, in not-for-profit organizations, Directors are required, by law, to act as a trustee (in good faith, or in trust) of the Association. Directors, and other stakeholders, must not put themselves in positions where making a decision on behalf of the Association is connected to their own “pecuniary” or “non-pecuniary” interests. That would be a conflict of interest situation.

## Purpose

3. The Association strives to reduce and eliminate nearly all instances of conflict of interest at the Association – by being aware, prudent, and forthcoming about the potential conflicts. This Policy describes how Individuals will conduct themselves in matters relating to conflict of interest, and will clarify how Individuals shall make decisions in situations where conflict of interest may exist.

4. This Policy applies to all Individuals.

## Obligations

5. Any real or perceived conflict of interest, whether pecuniary or non-pecuniary, between an Individual's personal interest and the interests of the Association, shall always be resolved in favour of the Association.
6. Individuals will not:
- a) Engage in any business or transaction, or have a financial or other personal interest, that is incompatible with their official duties with the Association, unless such business, transaction, or other interest is properly disclosed to the Association and approved by the Association.
  - b) Knowingly place themselves in a position where they are under obligation to any person who might benefit from special consideration or who might seek preferential treatment.
  - c) In the performance of their official duties, give preferential treatment to family members, friends, colleagues, or organizations in which their family members, friends, or colleagues have an interest, financial or otherwise.
  - d) Derive personal benefit from information that they may have acquired during the course of fulfilling their official duties with the Association, if such information is confidential or not generally available to the public.
  - e) Engage in any outside work, activity, or business or professional undertaking that conflicts or appears to conflict with their official duties as a representative of the Association, or in which they have an advantage or appear to have an advantage on the basis of their association with the Association.
  - f) Without the permission of the Association, use the Association's property, equipment, supplies, or services for activities not associated with the performance of their official duties with the Association.
  - g) Place themselves in positions where they could, by virtue of being an Association Individual, influence decisions or contracts from which they could derive any direct or indirect benefit.
  - h) Accept any gift or favour that could be construed as being given in anticipation of, or in recognition for, any special consideration granted by virtue of being an Association Individual.

## Disclosure of Conflict of Interest

7. On an annual basis, all the Association's Directors, Officers, Employees, and Committee Members will complete a Declaration Form disclosing any real or perceived conflicts that they might have. Declaration Forms shall be retained by the Association.
8. Individuals shall disclose real or perceived conflicts of interest to the Association's Board immediately upon becoming aware that a conflict of interest may exist.

9. Individuals shall also disclose any and all affiliations with any and all other organizations involved with the same sport. These affiliations include any of the following roles: athlete, coach, manager, official, employee, volunteer, officer or director.

### **Minimizing Conflicts of Interest in Decision-Making**

10. Decisions or transactions that involve a conflict of interest that has been proactively disclosed by an Individual will be considered and decided with the following additional provisions:

- a) The nature and extent of the Individual's interest has been fully disclosed to the body that is considering or making the decision, and this disclosure is recorded or noted.
- b) The Individual does not participate in discussion on the matter.
- c) The Individual abstains from voting on the decision.
- d) For board-level decisions, the Individual does not count toward quorum.
- e) The decision is confirmed to be in the best interests of the Association.

11. For potential conflicts of interest involving employees, the Association's Board will determine whether there is there a conflict and, if one exists, the employee will resolve the conflict by ceasing the activity giving rise to the conflict. The Association will not restrict employees from accepting other employment contracts or volunteer appointments provided these activities do not diminish the employee's ability to perform the work described in the employee's job agreement with the Association or give rise to a conflict of interest.

### **Conflict of Interest Complaints**

12. Any person who believes that an Individual may be in a conflict of interest situation should report the matter, in writing (or verbally if during a meeting of the Board or any committee), to the Association's Board who will as quickly as possible decide appropriate measures to eliminate the conflict.

13. The Association's board decision as to whether or not a conflict of interest exists will be governed by the following procedures:

- a) Copies of any written documents to be considered by the Board will be provided to the Individual who may be in a conflict of interest situation

## COMPETITION GUIDE

OCTOBER 2024

## **BNB Competition Committee**

Baton NB has created a competition committee to oversee the planning and organize all NB competitions with the Competition Director's supervision.

The committee will be made up of:

- BNB Competition Coordinator
- BNB Technical Representative
- Competition Director
- Committee members (volunteers who may or may not be BNB board directors)

The Host Club of any competition will be required to have a minimum of 2 committee members to facilitate the liaison with the local venue.

The competition committee will use this guide when planning competitions.

Pre-Competitive events do not need to be organized by the committee and can be done at the club level.

## **BNB Risk Management Policy**

BNB has adopted and will adhere to CBTF's Risk Management Policy as outlined below.

### **CBTF Risk Management Policy**

#### **Accidents & Injuries**

- The Competition Director or designate and/or the Head Judge shall have the authority to immediately stop the competition whenever a risk factor related to safety becomes evident.
- If this situation occurs during individual competition, the competition on the lane where the situation occurs shall be stopped on that lane only by the competition director and/or the judge judging that event.
- If an athlete must leave the competition to seek outside medical assistance because of a situation that has occurred during a competition, the athlete shall require a Medical Certificate stating that he/she may continue competing at that competition.
- If the situation involves a medical injury or illness (that does not require outside medical assistance), the Competition Director, in consultation with authorized medical personnel, shall determine whether the athlete(s) may be allowed to continue competing.
- All visible injuries must be declared prior to the competition day. For example, if you will be wearing a medical support brace, tensor bandage, tape, etc. you must have a medical note stating it is safe for you to compete the day of the competition and that the brace, bandage, tape etc is required for competition. This rule will apply to any visible injury an athlete has.

- Refunds will be given if a medical certificate is provided within 2 weeks of the event. Either for injury prior to the day of competition, but after registration was sent, or because of an injury that occurred during competition.

The above items must be included in competition brochures or otherwise be made known to all competition participants.

- If a risk factor related to safety becomes evident during a CBTF sanctioned event other than a competition, the Event Coordinator or person in charge will have the authority to stop the event until the safety issue is resolved.

### **Flooring Requirements**

- All facilities where CBTF sanctioned competitions are held must have hardwood flooring for the main competition floor. The practice gym/area should also have hardwood flooring, if at all possible.
- Flooring must be safe and properly maintained with no obstacles, broken parts or any other risk factor that would affect the safety of the competition participants.
- Flooring for other CBTF sanctioned events (clinics, workshops, etc) must be suitable and safe for participants.
- No tarp flooring is permitted.
- Flooring should not be slippery or sticky.

### **Lane Boundary Guidelines for CBTF Events**

- 15 feet wide: Compulsory Moves, Pre-Events, Solo, 2-Baton, 3-Baton, Duet
- 30 feet wide: Medley, Solo Dance Twirl
- 50 feet x 84 feet: CBTF Group Events
- Minimum 40 feet wide: Short Program (during team trial events)
- 50 feet x 80 feet: WBTF Pairs and Teams
- 50 feet x 60 feet: WBTF Freestyle  
(WBTF Rules state that these boundaries will not be strictly interpreted as boundaries per se but the size of the floor that is available to the freestyle athletes. Should an athlete step on or across the lines, the judges shall determine whether or not this is cause for lowering the score based on the athlete's floor pattern and use of the space.)

### **Warm-Ups at Canadian Championships**

- For Individual and Duet events held at Canadians, a pre-determined number of sets may warm up on the main competition floor as determined by the Competition Director and CBTF Technical Chair.
- Competition Directors at Open and Provincial competitions may employ whatever method best suits their situation (based on number of athletes, practice area availability and time restrictions) with regard for risk management.

## **Mishaps**

- Should a mishap occur at a competition, the judge(s) who were affected by the mishap will direct the athlete/group to stop competing and, in consultation with the Head Judge and the Competition Director, assess the severity of the incident to determine whether the athlete/group will re-compete or not. If so, the athlete/group will start at the beginning of the routine and judging will re-commence at the point where the mishap occurred.
- Examples of Mishaps: costume failure, power failure, music failure
- Clarification: The CBTF Risk Management Policy will apply to more serious situations (eg: accidents, injuries).

## **Practice Gym/Area Guidelines**

- Individual/Duet Events at Canadians - each athlete/duet will be provided a 12' x 12' area
- CBTF/WBTF Team, Dance Twirl Teams – the next three competing teams
- Corps – the next two competing corps
- Individual/Pair Events at National Team Trials – the next seven competing individuals/pairs
